**(Poppy Event) Show 20th October 2019**

This is a new Show to which the Surface Warship Association was invited to display our models.

The weather on Sunday was reasonable and expectation of a good attendance by the public was expected, however the number of visitors to the show was poor even though there was several clubs and one trader at this event.

We set up on the Sunday morning, our stand display comprised 11 model warships, 1/96 Merlin Helicopter, 1/96 model Pacific 24 RIB from Scale warship and a 1/12 Scale Pacific 24 RIB.

Attending SWA members were, David McNair-Taylor, John Wills, Ken Winter, Andrea Reith and myself
